

Leveraging Funds

Mennonite Housing now partners with Neighborhood Improvement Service of the City of Wichita, The Department of Aging with Sedgwick County, USDA Rural Development and area churches to provide financial assistance to qualified households

Mennonite Housing funds are secured from the Federal Home Loan Bank of Topeka, The Forrest Lattner Foundation and others to leverage available dollars.

Minor Home Repair

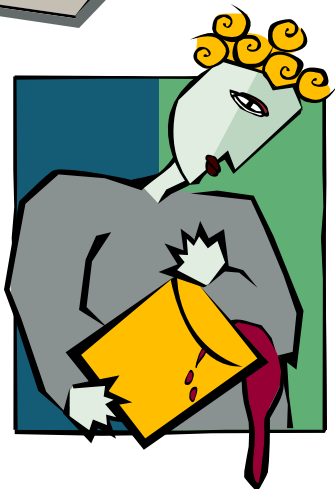

Mennonite Housing is for people who cannot afford decent housing or home ownership in any other way.

Minor Home Repair

Mennonite Housing was founded for the purpose of providing affordable home repair to those who needed it the most.

Over the years our operation of providing the direct on-site service has changed, but not our commitment to the community.
